Introduction

Welcome to the MD Global Network.

MD Global Members are subscribers to our Concierge Medical Services Memberships and pay an annual membership fee. MD Global Members also have access to a suite of leading edge technology tests, products, and services and a continuing dedication to changing healthcare and changing lives!

As an MD Global Healthcare Consultant(HC) you have the potential to earn a significant income with a unique and innovative business model. To get started, an applicant must register with MD Global by filling out an online MD Global Consultant Application and start your own business by harnessing the power of the Internet and Referral Marketing. As an MD Global Consultant you earn commissions several different ways;

1. When you personally refer MD Global Members. Every time MD Global Members enrolled by MD Global Consultants in your organization generate revenue by paying their Membership fees or by ordering products or services, we pay you Commissions provided you are "eligible" pursuant to this Marketing and Compensation Plan.
2. When new MD Global Healthcare Consultants in your Organization refer new MD Global Members within their first 30 days.

Joining MD Global

You must purchase the MD Global Healthcare Consultant Package for a onetime fee of \$299.95. The MD Global Healthcare Consultant has access to Back Office services and MD Global support services for a required monthly fee of \$19.95. Upon joining MD Global as a Consultant you will be entitled to earn Bonuses and Commissions and enjoy full access to all other aspects of the MD Global Marketing and Compensation Plan.

Referral Code

To enroll as a Consultant with MD Global, you must use the referral code of the Consultant who introduced you to the MD Global opportunity.

Joining MD Global as a Consultant, you receive your own unique personal referral code which will enable you to build your new MD Global Organization and Member base. You will create your personal referral code during the joining process.

Once you join, your Business Building Website, as described above, is automatically created. The Business Building Website is what you will use to grow your Organization of MD Global Consultants and Members.

Referral code: For example, when a prospective MD Global Member joins through your MD Global Web Portal (<http://mdglobal.com/yourreferralcode>), our system will know that this new Member belongs to you. As long as you use your referral code, we will know who introduced them to our service. New Member and new Consultant Prospects can still go directly to www.MDGlobal.com, however they will not be able to sign up there as a HC, or Member.

You will have thirty (30) calendar days following the first billing attempt to reinstate your position by paying all past and current fees due. If after the thirty (30) calendar days following the first billing attempt you have not brought your account current, you will have an additional sixty (60) calendar days before your account is terminated. During this sixty (60) calendar-day period, you may still reactivate your account by paying all past and current fees due plus a reinstatement fee of \$100. If your account is not reinstated at any time during these ninety (90) calendar days, your account will be purged from the system without the ability for it to be reactivated.
